

## SAFETY AND GAME RULES

Please ensure you are following the safety rules laid out in this document and to please follow the direction of our staff at any event.

Thank you for your cooperation and understanding.

**RULE 1:** No back hits or blindsides when in the bubble at any time. Our company logo is placed directly at the back of the bubble which makes it easy for players to realize.

**RULE 2:** When you bump someone down to the ground, please give them a chance to stand back up to their feet to continue playing.

**RULE 3:** Bigger and stronger players please watch your strength when bumping players who are smaller than you. We can divide up larger groups of players to play with each other based on size.

**RULE 4:** When inside the bubble please ensure your backpack straps feel snug (not too tight, not too loose) and that you are securely holding the handles inside the bubble while you are playing.

RULE 5: If playing indoors, no hitting players against the walls or corners.

RULE 6: If you ever need a break, you can come off to the sidelines and take off the bubble. When you are ready you can re-join the game at any time. Please do not stand in the middle of an ongoing game without a bubble. Please do not remove your bubble in the middle of an ongoing game.

These rules are explained again at our orientation before every event.  
Please feel free to reach out if you have any questions or concerns.

Looking forward to seeing you all at your next BC Bubble Ball event!
